

Prof. Butterworth Features American Composers In Recital

Professor Donald A. Butterworth, instructor in voice, will give the first faculty concert of the year in the college chapel on Friday, November 8, at 8 p.m. Mr. Butterworth, after teaching for some time in public schools, became affiliated with Houghton in the fall of 1945.

Professor Butterworth began his musical career as a straight academic student of Chesbrough Seminary, now known as Roberts Junior College. Following the two years spent there, he studied for three years in Fredonia State Teachers' College. Upon graduation, he received the Bachelor of Music degree, with a major in voice. While at Eastman, he gave his recital in Kilbourne Hall.

He has taken part in radio programs, singing on stations WSAY and WHAM of Rochester, and appearing as guest soloist with the Rochester Civic Orchestra. He was also tenor soloist of the Lake Avenue Baptist Church for one year. Within the Rochester city music system, he gained nine years of experience in the music education field. The last position he held was that of director of a high school vocal group.

Professor Butterworth met Professor Cronk in New York and thus learned of Houghton. He states that he enjoys his work here at Houghton because it enables him to foster music of a professional caliber.

His program this Friday night includes a large number of English songs. His explanation of his choice is, "I believe that the American composers should have a big place in concert programs."

FLANNEL - GRAPHS TELL BIBLE STORIES

"Nothing like flannel-graph for teaching Bible Stories to young children," say the twenty-six Bible teachers of Houghton College. Under the leadership of Miss Foust, these volunteer workers are presenting the gospel to nearly 1,000 public school children in the Allegany and Cattaraugus Counties each week.

Houghton public school was opened for classes Tuesday; Caneadea is the next frontier. With the attendance ranging from four to one hundred twenty-eight in the forty-seven classes conducted last week, Rushford, West Valley, Fillmore, Sardinia, Richburg, Machias, Friendship, Yorkshire, Allentown, and Scio rank highest in enrollment.

Under the auspices of the Bible Club Movement, Inc. Miss Gladys Taylor, known as "Missionary," carries on the training duties for members of Christian Education classes and ministerial students who desire practical service.

CALENDAR

FRIDAY, NOVEMBER 8

8:00 p.m. — Butterworth's Faculty Recital, Junior-Soph. Basketball game.

SATURDAY, NOVEMBER 9

6:40 p.m. — Singspiration (Dorm reception room).

7:30 p.m. — Choir rehearsal (at church).

SUNDAY, NOVEMBER 10
(Church services as announced.)

MONDAY, NOVEMBER 11

7:00 p.m. — Oratorio rehearsal.

8:30 p.m. — Motion picture, "The God of Creation" (chapel)

TUESDAY, NOVEMBER 12

7:30 p.m. — Student Prayer Meeting.

WEDNESDAY, NOVEMBER 13

7:30 p.m. — General Recital of Music Department, Soph-Fresh Basketball game.

THURSDAY, NOVEMBER 14

7:00 p.m. — Class Prayer Meetings.

COUNCIL ORGANIZES BULLETIN BOARD

Among improvements brought about by the student council recently, is the rearrangement of the bulletin board in the arcade. The board, which has been an unusable eyesore, is now organized according to definite sections. Thereon are placed all notices which were previously announced in the dining room and in chapel. Students now have no excuse for not hearing announcements; it is the responsibility of each to consult the bulletin board for notices which concern him. This new system eliminates the possibility of wrong information being received by way of the "grapevine."

This year's Info staff has been chosen, and work on the '47 edition will soon be under way.

Library hours that would benefit everyone have been under consideration. Miss Graham has offered her cooperation wherever satisfactory arrangements can be made. The library is now open during chapel time on Mondays, in case a class does not meet, or if it finishes the meeting early, thus providing the opportunity for study to anyone who desires to take advantage of it.

However, some of the students have refused to cooperate and have resented

(Continued on Page Four)

Pantry Proceeds Go To Missions

"How shall they hear without a preacher? And how shall they preach except they be sent?"

Because the Lord has been honoring so much, the Pantry has chosen a novel way of honoring Him. For the first time in history, the Pantry will sponsor a missionary day on Friday, November 8th. All proceeds coming into the Pantry on Friday will be given directly to missions. In other words you can come to the Pantry at any time on Friday,

eat all you want, and then pay the money to the Lord. For those who don't have such large appetites, and would like to give more, there will be a box on the counter where you can place your gifts.

Here is a chance for you fellows to kill two birds with one stone. Take your best girl to the Pantry on Friday night and by so doing you can further the cause of missions and the preaching of the gospel.

Luft and Anderson to Attend Convention at Toronto Univ.

'STAR' INTERVIEWS HEAD OF PROJECT

Mr. Ed Warren said Monday evening, when interviewed by a STAR reporter, that the Project Engineer was well satisfied with the work progress on the local veteran's housing project being completed atop "Stag Hall Hill." "When they hand you orchids from higher up," he asserted, "you're doing pretty well." In support of the government representative, he pointed to a news article recently appearing in the Rochester Democrat and Chronicle in which it had been stated that projects to be completed last July, were only now ready for occupancy, contending that a shortage of materials is the only barrier to full completion of at least two of the local units, and probable finishing of all in the near future.

Expressing full sympathy with the "G. I.'s", Mr. Warren said, "I want to go home myself, and we are working on every possible angle we can to push things through. Outside siding and hardware are the two things at present that are giving us trouble. We have solved one problem by gaining an 'O. K.' from the Project Engineer, and using single instead of double hung windows in the units. These are being made by a local man in Fillmore, and if the progress on these is not satisfactory, we will transfer the work elsewhere. We are putting a brick-patterned siding material on the houses, rather than shingling, now practically unobtainable. We are thinking of the possibilities of brick for the chimneys, rather than metal which would require processing after a supply had been obtained some distance

(Continued on Page Two)

Chapel Offering Defrays Expenses

Delegates to the student missionary convention, which is to be held at the University of Toronto on December 26, 1946, were chosen at a joint meeting of the cabinets of the Wesleyan Young People's Society and the Foreign Missionary Fellowship. The appointed delegates are Miriam Luft and Marcus Anderson; the alternates are Laura Copp and Fred Kling.

Eighty dollars will cover the expense of sending the two delegates who will be housed and fed on the campus of the University of Toronto. An offering to defray expenses will be taken in chapel, Wednesday morning, November 13.

Miriam Luft, '48, one of the Houghton delegates, comes from Wisconsin, where she has lived among German-speaking people. Therefore, since she already has a good speaking knowledge of the language, Miriam plans, upon being graduated from Houghton, to go as a missionary to the German-speaking people of Europe.

Marcus Anderson, the co-delegate to the convention is a graduate of St. Paul Bible Institute, in Minnesota. At present, Marcus plans to be a pastor in the Christian and Missionary Alliance Church when he finishes his training here at Houghton.

"SEE WHAT OUR GOD HATH DONE"

Vivid full-color scenes from astronomy and natural science are featured in "The God of Creation", sound motion picture which will be shown at 8:30, Monday evening, November 11, in the Houghton College chapel, sponsored by the Christian War Veterans of America.

Produced in Moody Institute of Science, west coast department of Moody Bible Institute, by Irwin A. Moon, Sc.D., "The God of Creation" is the second in a series of evangelistic films.

In the opening section of "The God of Creation" the audience will take a trip to the stars by means of solar photographs taken through the giant 100-inch telescope of Mt. Wilson Observatory in southern California, and will view complex gyrations of our own solar system.

Lapse-time photography is utilized to demonstrate the beauties of natural science. The illusion of flower buds developing into full-blown blossoms in a few seconds is created through this time-compressing photo technique. The metamorphosis of a caterpillar through the various stages from worm to butterfly, and pollination of flowers will be seen on the screen in full color.

A free-will offering will be taken to defray costs of the film.

Athletic Association Elects Officers

The officers of the Athletic Association for 1947, elected at the class meetings on Monday, are: president, Dave Flower; vice-president, Mel Lewellen; secretary-treasurer, Peg Fancher; varsity managers, George Wells and Beulah Smalley; Purple managers, John Miller and June Helfer; Gold managers, Bill Barker and Jean Harris.

HOUGHTON STAR

Let's Get to the Point

The first grade period for this semester ends on Saturday. At this time it is customary that the STAR will establish some policy regarding the publishing of grades.

We all realize that grades should not be the ultimate goal of college study. And yet, regardless of how we try to think differently, grades occupy a large part in our thinking while we are in school. Somehow we find ourselves classifying and judging people by the grades that they make. Many times such a classification is unfair and untrue. Especially is this true at the end of this first grade period when some students still are unadjusted—when many of the grades have been given on the basis of one test.

It is true that some students will be well satisfied with the grades they receive, but others will be discouraged, and still others will feel that they have not been graded fairly.

In the light of all of these factors, it seems unfortunate that our three or four post office box mates will be "privileged" to see our grade cards and know our grade point—many times before we have seen it ourselves. (Perhaps the report cards could well be placed in envelopes this year before they are distributed in the mailboxes.) It seems even more unfortunate when students themselves go around the halls asking what grades and grade points were received. Since grades are made by individuals, they should be kept as an individual matter.

However, feeling that honor should be given where honor is due, and believing that the knowledge that some students have done extraordinary work might serve as an inspiration to the rest of the student body, the STAR will publish the Honor list, composed of those students with grade points over 3.5, if the Dean of the College so desires. —B.L.J.

Let There Be Light

If you were out on the campus about ten-thirty on Hallowe'en night, you would have been forced to notice how attractive our campus appeared (discounting a few seasonal decorations which had made their appearance.)

Instead of looking like a dull, deserted country commons, the campus looked like a campus—a place where there are students, where there is LIFE. And what made this difference? . . . light. You see, the entrance lights to most of the buildings were lighted, and one realized that he was at college.

It is true that we do not have the largest campus in the world here at Houghton and we do not have the most beautiful buildings. But we could make use of what we have. We do have lamps. Why don't we light them?

There is more to this lamp-lighting idea than appearance. The lights have a psychological effect on one. To see the tall, white pillars of Luckey standing firmly on a rock foundation while the darkness of night is all around—to see more often and more vividly that which symbolizes Houghton, makes a feeling well up within that says, "This is MY school!" —B.L.J.

Editor's Mailbox

(If you have something to say, write to the STAR about it. Every letter which is written to the editor must be signed with the name and address of which is written to the editor must the writer.)

So much comment on the proper thing to do, I need guidance. I love 'em all. But, Miss Beck, apropos of library "sit-sheeshuns", "et al"—is the following rule to be observed.

"The perfect hostess will see to it that the works of male and female authors be properly separated on her bookshelves. Their proximity, unless they happen to be married, should not be tolerated."

Now that is a situation that should be looked into—those responsible for our social consciousness of this day practised it. The source is very respectable—Godey's Lady Book, 1853. Please, Miss Beck, shall I write Mr. Godey or ask Miss Graham about these things? I enjoy your column. Perhaps some day, I, too, shall shake hands with the President. Dear me, am I afflutter!

Quixotically Quizzable,
Fan Male

ATTENTION MISSES! DO YOU QUALIFY?

According to all appearances, the STAR should start a classified column to help some of the distressed souls around here, or else the Student Council should start a dating bureau. At any rate, the following announcement made its appearance on the bulletin board in the arcade this past week (to the best of our knowledge it is still there):

"Two handsome, intelligent, likeable, genial, sociable ex-servicemen desire the company of two young ladies, of at least equal qualities, who wish enjoyable masculine companionship, for the evening of Friday, November 8. Please apply through post office box 449. Give full particulars, including name, age, height, weight, color of hair, and disposition."

Dear Diary - -

Wednesday — International Relations Club seems to be under way for another good year. The club met tonight to hear of politics in India.

Thursday — Hallowe'en passed quite uneventfully this year. The question is—who pulled the "black-out" on the junior class?

Friday — Back up to the Fancher barn for a sure-nuff hallowe'en party featuring Lena, the hyena and the Hootin Hot-shots.

Saturday — Open house at Gaoyadeo Hall—what an unusual appearance the dorm presented tonight—clean, orderly rooms, food, and men all over the place.

Sunday — More unpredictable weather. The outstanding feature of the day is the bright sun overhead.

*Monday — Oratorio rehearsal—it seems good to realize that there is just a little over a month before its presentation.

Tuesday —

30 days hath September —

April, June, and November.

'Bye now . . .

LIBRARY HOLD-UP BREAKS ROUTINE

It was Hallowe'en night. The library was calm and quiet as usual. Everyone was concentrating most studiously, when suddenly the silence was broken by a hoarse man's voice booming out, "This is a hold up! You're all right if you stay where you are and keep quiet." Suppressed screams were heard as the masked intruder leveled his pistol. Then some one moved. It was Dinky!

"Halt or I'll shoot!"

Dinky moved a step forward. A shot was fired, and a body lay on the library floor—blood upon his chest.

Gently Dinky was lifted and carried out. The library once more returned to drab routine. The question in the air is, "Who done it?"

It's Your Move

by DEAN BECK

You have a dinner date!

Did you know that you stand just inside the door of a restaurant or hotel dining-room until the head waiter or waitress shows you where to sit? The women always follow the head waiter to the table and then the men. (If there is no head waiter, the gentleman finds the table or booth.)

Did you know that husbands and wives sit across the table from each other, while unmarried couples sit side by side? (Ladies sit at the gentleman's right.)

Did you know that "table d'hôte" menu means a set price for each meal, and that includes the entire meal?

Did you know that "à la Carte" menu means you order "according to the card", and you pay for each "individual item ordered?"

Did you know that when ordering, the gentleman asks his lady what she will have and relates her wishes to the waiter or waitress?

Did you know that the amount of tipping depends upon where you are, how much you order, and how much service you demand? In an average restaurant, a twenty-five cent tip is sufficient for a bill that totals less than two dollars, and a thirty-five cent tip is sufficient for a bill that totals three dollars. Some prefer to follow the conventional rule of 10 per cent of the bill.

Did you know that lack of consideration for those around us and those who serve us is evidence of ill breeding as well as inexcusable selfishness on our part?

INTERVIEW . . .

(Continued from Page One)

from here. But I noticed that the fellow on the local sewer project was scouring the countryside for second hand bricks."

In answer to a question as to a probable date for completion, Mr. Warren replied directly, "I am unwilling to confirm any estimate as to the time of completion. The shortages are too serious to allow for that. If materials were at hand, two of the units could be finished by Thanksgiving. As things stand now, we may not be able to get needed things until after that date. It is all too uncertain. Wiring is all roughed in, and we are having no trouble there. But the plumber cannot get pipe, although he has been to Rochester repeatedly for that purpose."

Gone, ... but not FORGOTTEN

by BARBARA DOUGLAS

We have had a few notes from ex-Houghton students this week.

Perhaps you wondered who that G. I. was that was circulating around the campus not too long ago. He had a broad grin on his face just as he always had when he was around here in school. He is none other than Ernie Reed. Ernie is from the class of '48, and is now serving Uncle Sam in the Army. When he was here, he was on his way to California—to Japan, he says. God's blessing, Ernie, and come back soon.

Another member from the class of '48, Yvonne Eckhardt, writes from King's College, where she is finishing her work in music. "I am certainly enjoying my studies here at King's College and have found some grand young people like those I left at Houghton."

Still another member of the class of '48, Bernie Crocker tells us that he is enrolled in Michigan State College taking an electricity and engineering course. Bernie says, "Little does a student in Houghton College realize what a fine weekly paper the STAR really is until he leaves Houghton." (I had to do this to encourage the editor). "Every week I anxiously wait for it to read about old friends and former classmates. Every time I read it I can't help wishing that I were back in Houghton having some of those rare times that I had in my two years there."

"I have a nice place to room and board with Mr. and Mrs. Max Stebbins, both of whom were former Houghton students. Classes here are pretty simple, thanks to the teachers of Houghton College who made me learn the fundamentals. The spiritual guidance I received in Houghton is 'standing me in good stead', too. I am looking forward to a visit to Houghton in the future." It sounds as though Bernie might be a trifle lonesome for Houghton, the way he is handing out compliments. I wonder if he felt that way when he too was learning those "hard fundamentals." We hope so, anyway. May God continue to help you stand strong, as you say He has already.

This about concludes the news from the former students of the class of '48, and maybe next week we can find out a few more bits of "goodly gossip".

VETERANS! RETURN REPORT OF EARNING

Professor Shea, veteran's counsellor at Houghton, warned that failure to return the report of earning form (12B), would result in a withholding of the subsistence allotment from the veteran. These forms, if not already attended to, should be filled in and mailed to: The Veteran's Administration, Registration and Research, 151 West Mohawk Street, Buffalo, N. Y.

Professor Shea will be in his office all this week from 12:30 until 2:00 o'clock. If any man is underpaid, or has not received his check, he should speak with Mr. Shea about it.

The veteran's counsellor will hold regular office hours next week, Monday and Wednesday, from 1:00 until 2:00 o'clock.

Houghtonites Become Lower Slobbovianites Goblin Night

To celebrate Hallowe'en in Lower Slobbovia, a mixed group of Houghtonians gathered at Fancher's barn for an evening of gaiety. The barn was appropriately decorated with pumpkins, corn stalks, and orange and black crepe paper streamers.

Dean Gilliland, acting as emcee, sent four groups of twenty each outside to hurriedly prepare skits on life in Lower Slobbovia. Reentering the barn by the lower door, each person passed over a series of bed springs, boards that tripped, wet sheets, and pale ghosts. Then after stumbling up a flight of stairs, he found himself on the hayloft floor.

After everyone had found a seat, the Ho'ton Hot Shots gave forth with such classics as "She'll Be Comin' 'Round the Mountain" and "You are my Sunshine".

The first skit presented was "Dining in Lower Slobbovia" or more appropriately, "Cola and Devotions".

"Romance in Lower Slobbovia," the next skit, featured "Lena, the Hyena" (alias Grace Farah). Lena and a horde of "Slobbamazons" madly pursued three defenseless males about the hayloft until Lena and two others captured them. As Lena dragged in her cowering catch, Fred Wollenweber, "Marryin' Mable" Anderson stepped forward and stated: "I now present you man and wife." Upon this statement Lena screamed,

"Now, he has to kiss me!" As Lena removed her bandanna, everyone fainted, naturally!

Virgil Hale then ably led the Slobbovian a cappella choir through a rendition of "Shortnin' Bread". Everyone agreed that style, volume, and depth of expression such as theirs is seldom, if ever, present in more experienced choirs.

The next skit was "College in Lower Slobbovia". The president of Slobbovia College, Dr. Paine (Cal Tingley), was introduced, and he in turn, introduced some of the faculty members. In history class, Helen Gilson showed an extreme interest in "dates", and Betty Lawrence conjugated the word "love" in Slobbovian as beginning, "hubba, hubba". Al Fench, D. A. (Doctor of Association), a newly appointed faculty member, spoke on "What shall we do with eighteen inches?"

Missionary Speaks

Rev. Mr. Tullar, returned missionary from Nigeria, Africa, will speak at the next meeting of the local Foreign Mission Fellowship on Wednesday, November 13, in room S-24, at 8:00 p.m. The lecture will be illustrated by slides.

The purpose of the Foreign Mission Fellowship is to foster interest in world missions on the campus. Everyone is welcome to the meetings.

Bouquet of the Week

— goes to the residents of Gaoyadeo Hall for giving the rest of the students a swell time on Saturday evening when they revealed some of the secrets behind the usually closed doors, and had open-house.

NAMES WANTED

Do you know the names of persons living within easy driving distance of Cornell University who could give good Bible studies or Bible messages at the Sunday afternoon meetings of the Inter-Varsity Christian Fellowship? Are there Houghton students who could give such messages, who live in the vicinity of Ithaca, and who occasionally go home weekends? Please give the names to Dr. Josephine Rickard.

Social Activities

In order to facilitate and coordinate the efforts of the Student Social committees, it is imperative that, in the future ALL requests for weekend social activities be presented to the Faculty Calendar committee through the social committee chairmen, John Miller and Bill George.

Requests must be in by Tuesday night in order that they might be presented to the faculty on Wednesday. Requests not submitted in this manner will not be honored by the Calendar committee.

Expression Club Outlines Program

In its second meeting of the semester, last Wednesday evening, October 30, the Expression Club, under the supervision of Mrs. Edna C. Lennox, outlined its first definite projects for the year.

Houghton's organ of public expression, presided over by Ignazio Giacobelli, and assisted by vice-president, George Kilpatrick, and Gertrude Harris, secretary-treasurer, proposed to present a one act dramatization of hilly-billy life "Let's Get On With The Marryin'" for Prof. Hazlett's drama seminar. Tryouts for this are already under way. Mrs. Lennox also stated that she had a Christmas program in mind which might possibly be presented outside of Houghton.

It was also decided to change the meeting period from 7:30 p.m. on the first Wednesday of the month to the same time on the third Wednesday of the month. All those who are vitally interested in public speaking are invited to join.

Think on These Things

By VIRGINIA SWAUGER

In chapel last week we sang, "Peace, Perfect Peace." Two verses are missing from our hymnal, both of which college students may well appreciate:

"Peace, perfect peace, by thronging duties pressed?"

To do the will of Jesus, this is rest.

"Peace, perfect peace, with loved ones far away?"

In Jesus' keeping we are safe and they."

What could Isaiah 53:6 mean to you?

"... We have turned every one to his own way, and the Lord hath laid on Him the iniquity of us all." Nothing more or less than going our own way put Jesus on the Cross. What per cent of my daily action and conversation springs from wanting to go my way? Or does the desire to honor Him motivate every expression of my life?

Did you know that God's delayed answer to prayer often accomplishes more than an immediate answer could? A devoted missionary couple were working for the Lord in Dominica, West Indies. She was taken sick with cerebral malaria, a type considered incurable by American specialists. The doctors said that she could not exist longer in the tropics, and so they came home. In spite of much prayer her condition remained the same, and so another young man and his wife were finally appointed to go to this mission post.

About a month after the appointment, God healed her so that the doctors have not been able to find a trace of the fever since. They O. K'd a return to the mission field, and so the missionary couple are going, not to their old mission station, where the new couple will soon be located, but to establish outposts in other islands. God's delay in her healing brought in more workers.

Are you one of those persons who seems to drift along through weeks and weeks without a definite prayer schedule? How about trying a through-the-week outline of what you can pray for and when? If your system of Bible study and prayer isn't worth passing on to someone else, is it really good enough for you?

Did it pay that K. M. Ridgway, after his term of service as a Command Chaplain of the Australian Royal Air Force, should volunteer to stay in Australia to inaugurate and advance a spiritual revival? Here is a typical testimony from the dozens that are published:

"A holiness church! Oh, glory to God! That's what I needed and longed for, and that is what Australia needed. What the coming of this church means to me can never be told. I thank God for our Brother Ridgway. I find in him a man after my own heart. . . . My heart goes out in praise to God because I know that here we have established and at work a church that fears no one but God, and, praise God, a church with a message that does not limit the holy One of Israel. . . . I bless God for my call to full time service, and pledge myself to live a holy life."

Someone has said: "Yes, the church is sound on fundamentals — sound asleep!"

★ ★ Sportscriptions ★ ★

by Iggy

Well, here we are again, chillun! Back to the column where we separate the men from the boys. As Senator Claghorn would say it, "Iggy's the name, Giacobelli that is." I find that the past week's activities were highlighted with sports and basketball coming back into the limelight.

Starting with football, we find that the varsity came thru to win their annual varsity-frosh football game. The varsity took the first game 9-6 in a very close game, but lost out in the next game 20-6. Starting the last game minus Jimmy Smith and Dave Paine, the varsity fought an aggressive game and came out of the skirmish with three touchdowns to beat the frosh 19-0. A man in motion was used by the varsity in almost every play, and was put to good use as Norm (no comment—after all he is my room mate) Walker completed a goodly number of passes. The frosh could not get the Nast-Dongell combination started and went scoreless, an unusual occurrence for the frosh. The game ended with the varsity again in scoring position and the last play, a touchdown pass, was called no good because time had run out. Well that's all for football at Houghton for the '46 season, and all we can do now is listen to the big collegiate games. Army—Notre Dame, the biggest game of the year, is nigh and it will be the game to follow this Saturday if you haven't much to do.

I've been getting reports that more should be mentioned about girls' games at Ho'ton. Since I have no female sports reporter and cannot cover every game myself, I could not give the girls sports as much attention as I would like. However, I did get enough for a basketball write up and can give you a few hockey results. The juniors seem to have won the class series since they defeated the highly rated frosh team. The seniors tied the juniors in their first game to give them a consolation.

In the color series, the Purple team won the first game by a forfeit when not enough Gold players showed up. The second game, played Tuesday, will probably give the Purple a victory and the series. The sports editor gives credit where it's due to the girls who go out to represent their teams and play, without all the glory given to all the male athletes. Good going, gals.

Swimming is becoming more and more popular as the winter season draws nearer. Classes in advanced swimming are in progress with a few of the students getting into the enormous—bathtub for conditioning and perfection of style. George Wells has charge of the men's

class, keeping his boys hard at work to keep up to their requirements.

A large crowd witnessed the Friday night tilt in Bedford as the seniors came up to expectation in the last half to smear the frosh 33-25. It was a wild, rough ball game which is not unusual at the beginning of a season. In a few weeks the teams will smooth out and play better ball; even the frosh. This coming Friday, we will see how the other two teams, the sophs and the juniors, round out as ball clubs. This sports writer will take the sophs to win but not by any ridiculous score. It can be a tight game, or it can be wide open. It's hard to tell until they are in action.

Here is the schedule for the coming basketball games. It goes right thru the class series up thru the varsity-alumni game, the last game of the season. Any change of date will be announced before hand.

Basketball schedule:

Nov. 1, Freshmen vs. Seniors, Friday.
Nov. 8, Sophomores vs. Juniors, Friday.
Nov. 13, Sophomores vs. freshmen, Wed.
Nov. 15, Juniors vs. Seniors, Friday.
Nov. 21, Seniors vs. Sophomores, Thurs.
Nov. 27, Juniors vs. Freshmen, Wed.
Nov. 29, Seniors vs. Freshmen, Friday.
Dec. 6, Juniors vs. Sophomores, Friday.
Dec. 11, Sophomores vs. Freshmen, Wed.
Dec. 13, Juniors vs. Seniors, Friday.
Jan. 3, Seniors vs. Sophomores, Friday.
Jan. 8, Juniors vs. Freshmen, Wed.
Jan. 10, Purple vs. Gold, Friday.
Jan. 17, Purple vs. Gold, Friday.
Jan. 31, Purple vs. Gold, Friday.
Feb. 7, Purple vs. Gold, Friday.
Feb. 28, Varsity vs. Freshmen, Friday.
Mar. 7, Varsity vs. Alumni, Friday.

Freshmen Swamp Varsity In Football

The freshmen football team swamped the varsity team last Wednesday by 20-6. The groggy varsity team could not overcome an aggressive, wide-awake, pass-conscious frosh team. Starting off with that well known Nast to Dongell combination, the frosh clicked in the first period of the game to score on a long pass. Dongell raced down the side lines into the end zone where he went up into the air with two defence men and came down with the ball to score. The kick for the extra point was perfect and the frosh led 7-0.

Later, in the first half, the frosh again scored when Johnson went down to the end zone for a long pass. The pass was blocked by Walker who knocked it into the hands of the original receiver. The second try for the extra point was also good although there was a discussion on the play. The referees over-ruled any objection giving the frosh a 14-0 lead.

Coming back in the second half, the varsity scored when Walker caught a pass and raced thirty yards for their only score. The kick for the extra point was no good and the score stood at 14-6.

The frosh finished any hopes of the bogged-down varsity when McPherson caught a long pass from Nast after out-jumping Paine for the ball, and raced unhindered for the frosh's third score of the afternoon. The kick for the extra point was blocked and the final score was 20-6.

Senior Girls Out-score Frosh In Initial Tilt

The senior girls out-scored their opponents, the frosh, by 26-9 in their initial game last Friday night. Trailing 5-4 in the first period, the seniors scored another basket in the second to lead 6-5 at the half. Both teams played a close defensive game through-out the first half of the game, and could not score very heavily in the first two quarters of the game.

In the second half, however, the senior forwards, Peg Fancher, "Bloss" Horton, and "B" Warren, combined to swamp the frosh. Captain "Edie" Gibbs' team could only find the hoop twice for four points during the entire second half giving them the sum of only nine points for their final score. With the score at 15-9 in the third period, the seniors massed eleven points in the last period to raise their score to 26 to the frosh 9 and thus end the game. Peg Fancher sank a shot for the last basket of the game as the whistle blew.

VARSITY SNATCHES SERIES IN FINAL FRAY

The varsity finally came through to win the varsity-frosh series Monday afternoon by 19-0. Playing a heads-up ball game the varsity scored in every period but the second to swamp the frosh in the last of a two-out-of-three series. Starting the game with a game apiece, both teams fought hard to win the last and most crucial game of the series. Having lost their one-of-many passing backs, Paine, the varsity found a scoring combination in "Flower-to-Walker" who scored all of the touchdowns for their team.

Scoring in the first period, the varsity caught the frosh off balance with a long pass from Flower to Walker for six points. The kick for the extra point was no good. Holding the frosh with many beautiful jump-blocks to knock the ball from the intended receiver, the varsity lead with a T.D. until the half.

The varsity scoring combination again completed an end zone pass after bringing the ball deep in enemy territory in the third quarter of the game. The try for the extra point again failed, and the varsity lead 12-0. Again in the last period, the varsity scored with the same duo to complete the touchdown parade. Dick Morrison kicked a beautiful extra point try to give the varsity nineteen points. The frosh couldn't seem to click and remained scoreless through-out the game. The final score was still 19-0.

STUDENT COUNCIL . . .

(Continued from Page One)

being asked to move for sweeping during the 10:00 to 10:40 period on Monday. Therefore, the council plans to bring pressure to bear on any students who, through their uncooperative attitudes, are threatening the privileges of the whole student body.

SAGES SHATTER FROSH DEFENSE TO WIN, 33-25

The seniors came from behind in the first period of the double-header, senior-frosh basketball game last Friday night to win 33-25. Sparked by Cooper, the frosh led in the first quarter by 8-7. Both teams seemed to be playing smooth ball and making sure of each pass and each shot. The second period started with the seniors putting on a scoring spree, while holding the frosh to only one point for the entire quarter. Flower made a magnificent under-hand shot from a faked layup as the first half ended.

Shattering the frosh's determined defence in the third quarter, the seniors unleashed a fine bit of basketball. Jim Fenton and Flower kept the frosh's defence switching back and forth by working the ball in the middle, and laying up four shots in a row. The frosh's offence crumbled as the seniors checked their opponents closer and closer. What started as a fine, co-ordinated ball game, turned to a wild passing and shooting offence with both teams playing at a very fast pace.

The last period started with the seniors finding their range and pouring in the baskets. Both Cooper and Inch helped the frosh cause by getting two baskets apiece, but could not keep up with the seniors' pace. McPherson went out on fouls, and the frosh aggregations could not stop the more experienced senior team's barrage of shots.

Dave Flower led the scoring of the evening with seven field goals and three free throws for a total of seventeen points. Dar Cooper of the frosh was next with five field goals and two free shots for twelve points.

Frosh

| | FG | FL | PT |
|-------------|----|----|----|
| Cooper | 5 | 2 | 12 |
| Caldwell | 0 | 2 | 2 |
| McPherson | 1 | 0 | 2 |
| Johnson | 2 | 0 | 4 |
| Inch | 2 | 1 | 5 |
| H. Smith | 1 | 0 | 2 |
| Kaltenbough | 0 | 0 | 0 |

Seniors

| | FG | FL | PT |
|----------|----|----|----|
| Brandt | 3 | 0 | 6 |
| Wells | 0 | 0 | 0 |
| Flower | 7 | 3 | 17 |
