boulder

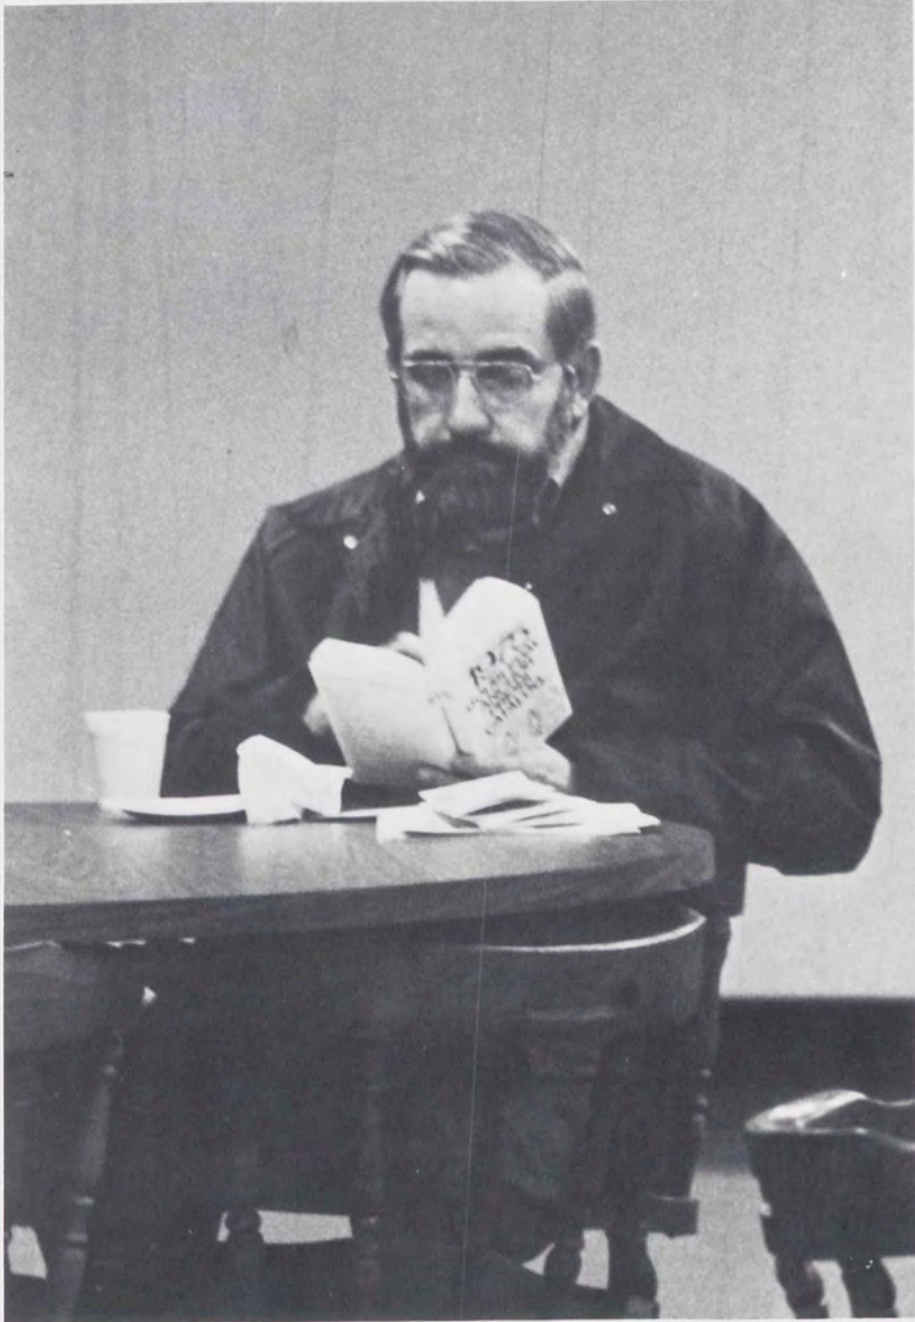

In this year's Boulder we have attempted to show that change and constancy are not mutually exclusive. While the former may be defined as movement within time and space, time and space indicate that there is an immutable unity from which we cannot escape. We effect change by either tearing about madly or walking faithfully within its totality — not shrugging off responsibility (asserting that change is the only constant). But we are confident that the very fact that we are able to observe changes necessitates the existence of an unalterable unity.

Dedicated To Warren Woolsey

"No social or political change, no scientific discovery, can alter the fact that if our life ceases to be dangerous, it ceases also to be Christian. There is no life which requires greater courage, greater determination, more patience and constancy, because its strength is founded upon the rock of an absolute faith."

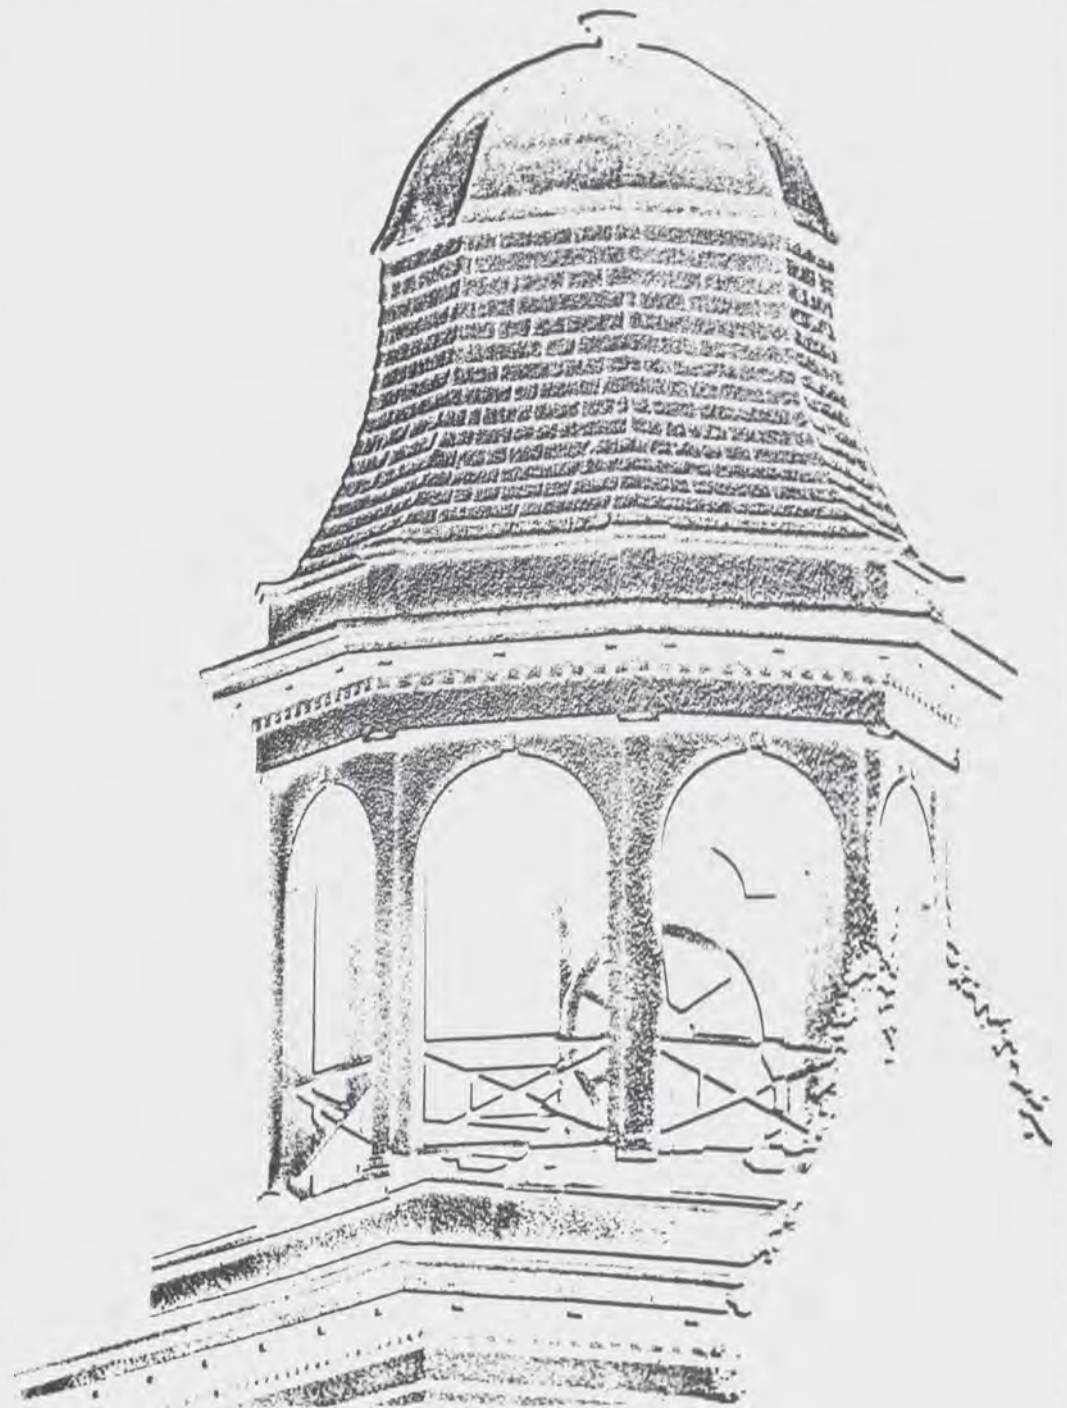

Emile Cammaerts

Son Touched

"Son Touched" was formed in the spring of 1974 with the purpose of telling people of the one unifying force in today's world of change, the love of Jesus Christ. Their ministry has ranged from being camp counselors and youth directors to making nation-wide tours and album recordings.

Their sound is light and easy to listen to, but each song speaks of the love and power of the Word of God.

Change? A better word perhaps is reform — or conversion. Mention conversion and every Christian accepts and believes in it because of like experiences in faith. Mention change and the traditionalist becomes stubborn and forgets conversion. But one must always be receptive to change, ever transcending in understanding of Christian truth.

... that Christ may dwell in your hearts through faith, that you, being rooted and grounded in love, may have power to comprehend with all the saints what is the breadth and length and height and depth, and to know the love of Christ which passes knowledge, that you may be filled with all the fullness of God.

31 alumni chapters in New York, Pennsylvania, Ohio, Kentucky, Massachusetts, New Jersey, Illinois, Florida, Indiana, Maryland, Michigan.

"I am a part of all I have met" Tennyson said. More personally and more Christian, through Christ and the associations of your college days at Houghton, you have a chance to keep plugged in to a family about 10,000 strong — Houghton alumni around the world.

Don't let your college days become just memories. There is a lifetime of opportunity for us to benefit each other in real ways. The people at the left are all alumni, now "out there" trying to make their impact just as you're about to. These people are among the many alumni still working for you now, whether officially as alumni officers, Houghton employees, or board members, or as a successful people breaking trail for you:

Dr. Gerald Lloyd, physician, Alumni Association President; Dr. Ronald Enroth, Chairman of the Department of Economics and Sociology at Westmont College; Dr. Myron Bromley, missionary linguist-translator; Mrs. Elizabeth Gilbert, kindergarten teacher, first woman Houghton College trustee; Mrs. Velma Moses, housewife and community services volunteer, past president of Alumni Association now on alumni board of directors; Mr. Edward Sakowski, Superintendent of Schools — Griffith Institute and Central School, college trustee and on the alumni board; Dr. Marilyn Birch, medical missionary in Africa; Mrs. Diane Springstead, MILIEU editorial assistant; Mr. Carl Lynch, University of Rochester graduate student, alumni board member.

Change, by its very nature is difficult to define, or even to discuss. One can affirm few things about it, except its inevitability and its value. One cannot avoid change, even by trying to remain the same. The rest of the world moves on. One only cuts himself off from the world, thus losing any opportunity to minister to its needs. Change presents an opportunity for growth. One cannot be unaffected after encountering it. Either he stretches to meet its challenge or he shrinks in avoiding it.

The Christian need not fear change. He can accept and adjust to it, because his point of orientation is not to be found in a particular culture, in a particular location, or in particular people. Existence finds meaning in Jesus Christ, who said, "I am Alpha and Omega, the beginning and the end, the first and the last." (Revelation 22:13).

It is to be hoped that this book will not only remind the reader of the events of this year at Houghton College, but will cause him to contemplate the relationship between changing temporal reality, and the constant eternal reality known in Jesus Christ.

In closing, I would like to thank Doug Gent, Laura Woods, Carrie Barcroft, David Mitchell, Eileen Newhouse, John Tatter, Barb Austin, Maxine Kaltenbaugh, and Dr. Pocock, whose combined effort has made this book possible.
