where she married and where her other articles and frequently ad- iort expended in their creation. The daughter Evangeline was born. After dresses Christian groups. Mr. Clark's health failed, the couple returned to America in 1915 and retired to their farm near Jamestown, New York

Mrs. Clarke became superintendent of the Young Missionary Workers band, which was organized by her husband, and held that post for many years. At the time the group was formed there was little missionary ac-tivity in the Wesleyan church. Mr. Clarke's aim was to stimulate missionary interest among the children of the church. Mrs. Clarke received the dues of the organization and prepared its literature. Although the yearly dues were only fifty-two cents a child, at one time more money was given for missions through the Band than through any other church agency. Following her husband's death, Mrs. Clarke desired to return to the mission field. For a time it seemed rica. Since then she has spent two Ken Post, Ginny Sell and Anne Jones.

From the Editor's Desk . . .

The significance of Homecoming varies with the several groups represented on the campus this weekend.

For the students, Homecoming is a time of looking forward. The returning alumni will cause him to look to his own postgraduate plans and to examine his potentialities. He evaluates the accomplishments of the alumni and tries to analyze those means by which success has been attained in the profession for which he is preparing. Yes, although the student gladly welcomes the alumni to the campus, he meanwhile puts them under careful scrutinization, realizing that it will one day be his responsibility to take his place in their ranks.

Homecoming to the alumnus, on the other hand, is time for looking back upon his student days. Familiar scenes and faces about the campus provoke in him many nostalgic memories. Even the dining hall with "hash, beans or the same," or, perhaps, the familiar "take the full time" not only elicits a smile but also finds some warm spot in his heart. He also feels a sense of indebtedness to the college that has contributed a vital part to his accomplishments in life and to the integration of his character. Whereas the student inclines to examine, analyze, and look to the future, the alumnus gives way to warm emotions, recollections, and enemy of Communism. reflections.

The significance of Homecoming to the faculty tive of the crumbling of a great emis two-fold, embodying the view of both student pire. and alumnus. The returning alumni will provoke many memories of other days at Houghton. Speaking of "the good old days" is enjoyed by faculty as well as alumni. But the faculty looks to the future also. Seeing the results of former sacrifice, they more enthusiastically give themselves to the preparation of their present students.

This year, however, Homecoming has a new and greater significance for all three groups. The students and faculty have warmly welcomed the homecoming of the Spirit of God to the campus. God has visited, touched, and refreshed us. It is our prayer that the returning alumni will participate with us in this joyous and blessed reception.

and strengthened in the Spirit of God that they may testify of this Homecoming: "It has been dantly above all that we ask or think ton extend to him. Thus it is with well for us to have been here."

EDITOR'S NOTE:

according to his riches in glory by year. The faculty member who Christ Jesus. Christ in us is power, wrote the above letter submitted it is rest, is peace, is health, is content- for publication in the Star that it

Just a Glance

"For whom He foreknew, He also foreordained to be conformed to the image of His Son. . . . We all with unveiled face beholding as in a mirror the glory of the Lord, are transformed into the same image from glory to glory even as from the Lord the Spirit" (Romans 8:28; II Cor. 3:18).

May I ask you a personal question? How much time daily do you spend-alone-with the Lord? God desires that you be made as much like Jesus Christ as it is possible to make a saved sinner. For, when you we e saved God the Father handed you over to the personal care of Jesus Christ so that Jesus might fashion you into His own image. When this work is completed He will present you perfect to God the Father (from Dr. C. A. Ries).

Are you giving Him the opportunity to mold you into His image through your Bible reading and prayer? If your life is inconsistent, your spiritual influence on others negligible, your testimony hollow or circumstances tun your life, just check a moment and see how much time you spend alone with God. Your growth in grace, apart from unusual experience, will progress in propor-

tion to the time you spend alone with God. As you have so often heard, "God's commands are His enablings." And in this vital realm of daily communion with God you will find no exception. For God has provided two definite, simple channels for use in fellowshiping with Him. As you daily meditate upon and p:obe into His Word and pour out your soul to Him in prayer you are being fashioned into the image of His Son.

Yet the more these two methods are used the more you will see that the two channels become, in reality, one essence. In other words, the ideal is to turn your Bible reading into prayer.

The following points for turning your Bible reading into prayer which have helped me greatly come from T. H. Selk of Columbia, S. C.

1. "Take commands as promises." (If God commands a certain thing He has already made a provision of power.)

2. "Let the passages suggest praise or prayer." (See Psalm 63.)

3. "Ask God to explain the different passages." (He will do this directly or through others to the degree you need them explained.)

4. "Claim direct promises from the Bible for yourself." 5. "Ask to be kept from sins of Bible characters, or

that their good qualities be produced in you. "Pray in the exact words of Scripture." 6.

The Holy Spirit not only will unfold the meaning of the Word to you but also will draw you out in prayer in hitherto unrealized depths. Just try it and see. You'll never prove God's power until you step out on faith and create the situaton through which He can exhibit His power.

Time spent alone with God will enable you to continue in the fulness of His Spirit. Hebrews 4:12 speaks of the Word as "living and active" and as "quick to discern the thoughts and intents of our hearts." If you lay bare your heart to the Lord day by day, the Spirit will point out any traces of sin in your life and protect from the stifling, blinding smoke of unbelief and indifference.

Time spent alone with God will enable you to discover His will for your life. Romans 12:2 exhorts: "Be ye transformed by the renewing of your mind that ye may prove the . . . perfect will of God." As you explore the Word daily and pour out your soul in prayer, God is able to impress upon you His perfect will for your life.

Time spent alone with God will enable you to walk as a consistent witness and to have fruit produced in your life. These are natural signs of maturity in Christ. The Christian who has hasty, infrequent, and shallow devotions exhibits doublemindedness, instability, and too often, feigned spirituality. Your moments alone with God are your most important moments of your day. Without them a life pleasing to God is impossible.

This homely advice comes from "Aunt Effie" Kellersberger who challenged us last November at our Mission-ary conference. Speaking of your daily Bible reading, she says: "Read it over; think it through; write it down; pray it in; pass it on." Turning your Bible read-ing into prayer will help accomplish this in your life.

To Build a Gloat

BY GEORGE HUESTIS

yes, homecoming! The big Oh. football game of the year, the alumni banquet, the homecoming queen, but the biggest and best, the parade down Main Street and then up the college hill to the campus. What a sight! Float after float passes by; some big, No one l some small; some homely, some beau-tiful; but always the inevitable outstanding float, the one we built.

Now just one moment you say. Why, pray tell, was your float so outstanding? The answer to this The answer to this question will gladly be given by any McKinley house boy, not that we're proud you understand, it's just that we're good and we know it. As the literary representative of the above mentioned illustrious group, I'll now set forth in black and white, the reasons why our float was the people's choice.

One fine evening-well, not quite evening, it was closer to midnightthe boys assembled in the room of the terrible three (Denny, Rupprecht, Huestis) to lay plans toward the end suffered two bloody noses. Both his of producing the best float, and just

Lanthorn Beams

The Lanthorn will shine again

The Lanthorn will shine. . . Very little connection exists between owls and lanterns-or does it? Yes, in Houghton, twenty years ago, owls caused lanterns-Lanthornsto appear. Four years after that the owls were no longer to be found, but the Lanthorn has shined, at least intermittently, to the present day.

To explain, the Star staff of 1932 constituted itself a literary club with Dole got bit in the nose by a horse he the appellation, The Owls, and in-tried to hitch to the wagon and vited others to compete for membership by submitting manuscripts of their best stories, essays, or poems. The purpose of the club was "to improve the journalistic quality of the Where could we find the needed ma-Star, to promote literary interest in the school, and to encourage the writ-ing of literary productions." They planned to aid the literary contest and to publish both a literary magazine and a songbook.

Only the magazine materialized. June of that year saw a souvenir-like booklet with a cream colored cover carrying an artistic design of a lantern emitting beams of light, and thirty-two large, wide-margin pages of belle letters, features, and comment on literature and art. Among best poets we have had among the chased for the college from the students; the supreme example of a Elam Bible Institute, formerly of person willing to rewrite his essay a Hornell. dozen times if necessary to bring it This clever feature writer; and a number Lima, N. The Houghton church was dedicat-The Houghton Star gives the fol- ed during the Homecoming weekend lowing account of the second Home- of 1934. Of this gathering, the Star coming which was held December 16, of December 7, notes that twelve hundred and fifty people managed to sit or stand in the building and commented, "The very crowd made the occasion an impressive one, for it caused Houghton to realize the possibilities of her ministry."

The Homecoming of 1935 was a never-to-be-forgotten day for it was on Friday morning during chapel service that a moving and dramatic scene took place. No one who was there could ever forget it. President Luckey was in Atlantic City attending a meeting of the Middle States association to present a petition for Houghton's admission into the association. A special edition of the Star recorded the the incident thus: 'The Commission has voted to admit Houghton college to the Middle These were the States association.' significant words spoken by President Luckey into the telephone at Atlantic City on Friday, November 29th. A few seconds later President Luckey said, 'I can hear it, I can hear it.' "It" was the college bell ringing out the out that there has been neither a con- with the presentation of the Messiah sembled in the congregation as-sistent demand nor a consistent pol- which it was hoped would become an it. It is significant, Mr. George annual feature of the Claimann of the holl and the ology. Saturday morning a service of praise and thanksgiving was held in the church.

Since 1939 Homecoming has been held in October in the hope that better weather conditions would make it easier for people to return to the campus. However, difficulties of transportation during the war years and the crowded conditions in Houghton during the peak years of registration caused the abandoning of Homecoming activities for a time although the Founder's Day conventions were continued.

Homecoming activities were re-sumed in 1949, and such new features as the crowning of a campus queen and the holding of a parade were added.

Homecoming has become the oc-

Hazlett Six Lead

House League Games

The House league series this year has turned out to be a rip-snortin, tough-and-tumble melee as usual. The moniker "black and blue series" might be changed to "cut and bruise series;" what with the track exacting due of abrasions. (But cheer up boys we might be playing on a nice new field next year.)

As this paper goes to press the Hazlett House has undisputed title to the top position in the league, and seems likely to take the champion-ship without losing a game. The worst they can do is finish the season with a tie with either the High School or the Blue Beards. Hazlett has already beaten these two aggregations and would probably do it again

in a play-off. Here are the records for the season thus far:

	W	L	Pct.
Hazlett House	2	0	1.000
High School	1	1	.500
Blue Beards	1	1	.500
