Thank You

I would like to thank everyone that put time and effort into this recital. All of the rehearsal times that needed to be scheduled last minute and the flexibility with timing that everyone had. It was greatly appreciated and I could not have asked for a better group to perform with. One of the reasons why I wanted to be able to put on a recital, even though I am not a major, is because this is one of the last times I get to play with Anna. I have known her even before I came in as a freshman and even though I was so intimidated to meet her, I could not have asked for a better person to share the viola section with. Thank you to everyone who has supported me with my instrument: my family, friends, and professors. I love you all and I hope you enjoy the concert.
